

Feed A Child Committee

Approved 4/19/2020

Responsibilities

Maintain communication with the Feed A Child program to keep up to date with the number of children served, packing schedule and additional programmatic concerns as they arise.

Purchase snacks, usually in the form of fresh fruit, from a local supermarket and deliver them to the Feed-A-Child storage and packing location. This may include contacting the produce department one week in advance to place an order and negotiate a lower price.

Periodically report progress to the Friends Meeting and remind members that donations are needed to support the Meeting's purchases.
