

Celo Friends Meeting Covid Protocols

At Celo Friends Meeting, we respect our members, attenders and guests. Some of our members/attenders are very vulnerable to the covid virus. As such, we ask that you help us keep them healthy by adhering to these protocols. A Zoom Meeting for Worship is available for those who are unable or do not wish to attend worship in person.

If you have been exposed to or tested positive to covid, please follow the current CDC protocols for quarantining, isolating, and masking. (see pg. 2 for guidelines as of March 2022)

Hand sanitizer and masks (adult and child-sized) are available inside and outside.

Outside the Meetinghouse:

- We wear masks for singing, but masks are otherwise optional
- We maintain social distancing

(For outside worship, we have folding metallic chairs. Feel free to bring your own chair.)

Inside the Meetinghouse:

- We wear KN95 or N95 masks
- We ensure ventilation/air flow in one of two ways:
 - Hepa filters with windows, fireplace flue, and doors closed
 - OR all windows and doors open with ceiling fans on (if no breeze, add one or 2 window fans)
- We maintain social distancing (35 person limit inside, more may social distance on the porch when the glass wall is open)
- We await a time when it would be safe to sing inside, sadly it is not now.

After Worship, you are welcome to join us for fellowship outside. Bring a bag lunch and a chair if you wish. Drinking water is available.

CDC Guidelines

<https://www.cdc.gov/coronavirus/2019-ncov/your-health/quarantine-isolation.html>

If You Test Positive for COVID-19

Everyone, regardless of vaccination status.

- Stay home for 5 days.
- If you have no symptoms or your symptoms are resolving after 5 days, you can leave your house.
- Continue to wear a mask around others for 5 additional days.
- If you have a fever, continue to stay home until your fever resolves.

If You Were Exposed to Someone with COVID-19

If you: Have been boosted OR Completed the primary series of Pfizer or Moderna vaccine within the last 6 months OR Completed the primary series of J&J vaccine within the last 2 months

- Wear a mask around others for 10 days.
- Test on day 5, if possible.
- If you develop symptoms, get a test and stay home.

If you: Completed the primary series of Pfizer or Moderna vaccine over 6 months ago and are not boosted OR Completed the primary series of J&J over 2 months ago and are not boosted OR are unvaccinated

- Stay home for 5 days. After that continue to wear a mask around others for 5 additional days.
- If you can't quarantine you must wear a mask for 10 days.
- Test on day 5 if possible.
- If you develop symptoms get a test and stay home
